

USNSCC Graduation Visitor Information

Please complete this form and have your cadet **bring it with them to training**. (Unit COs, not every cadet/parent put email addresses on the Request for Orders...please insure they get this form and bring it to the training).

Cadet Name: _____

All cadets arriving by Personally Owned Vehicle (POV) on Intake Day are to proceed to the Visitor Center outside the Main Gate of NAVSTA Great Lakes. Please do not go to the Visitor Center at Recruit Training Command, which is adjacent to the main NAVSTA, or you will have an entirely different training experience than the one you anticipate.

No one will be issued a Visitor Pass on Intake Day. I will have staff waiting in the parking lot outside the base to begin in-processing your cadet, and we will provide transport onto the base and the barracks for the cadets. Visitors are not permitted in the barracks or on base until after graduation unless special arrangements are made prior to the start of training and agreed to by me.

Graduation will be held in BLDG 122 aboard NAVSTA Great Lakes and will last approximately one hour. As the needs of the Navy supersede our ceremonies, please check the training Twitter feed often as changes will be posted there. You can sign up for the feed at <http://www.twitter.com/nscnavstaglks>.

Base Security requires that we provide a list of all visitors on graduation day to be able to issue visitor passes. To get onto the base on Graduation Day, you will need to bring the following with you:

- a) A valid drivers license
- b) Proof of insurance
- c) Registration for your vehicle

- I will NOT have guests at graduation or to pick me up after graduation.
- I WILL have guests at graduation or to pick me up after graduation.
- There might be room in the vehicle picking me up from training to assist in transporting cadets to the airport after graduation.

Name of Driver: _____

Make of Vehicle: _____

Model of Vehicle: _____

License Plate (incl. State): _____

Note: if renting a vehicle for graduation, simply circle "RENTAL" here.

Providing the above information prior to the start of training will allow us to provide Base Security with an Access List that will let you come onto the base without having to stop at Badge & Pass on graduation day. This will save you approximately 90 minutes' wait, so please complete it now and save yourself some hassle.
